

I give permission to École Saint-Landry to use my information for the purpose of admissions and school records within the St. Landry Parish School Board system if my child is accepted.

I understand that application does not guarantee enrollment, and that if the school is at full capacity, I will be entered into a lottery and/or put on a waiting list.

I understand that we may be required to attend open houses before this application is processed as complete. École Saint-Landry cannot be held liable for a family failing to complete these potential additional requirements.

Finally, I understand that if a student is selected for admission to École Saint-Landry based on application information that is later determined to be false, the student may lose his admission to École Saint-Landry.
